The Caribbean Institute of Forensic Accounting (CIFA) provides classroom instruction for each paper, and participants are required to sit a test for each paper. Successful participants will be awarded certification once they complete the exams for all 5 papers and meet the certification pre-requisites.

NB: CIFA does not provide classes for Paper 5 as this is a case study paper.

↑ FCPA PROGRAM ELIGIBILITY

Participation in the program is open to all professionals in fields which benefit from the discipline of forensic accounting. However, only qualified accounting professionals, such as ACCA, CGA, CPA, CA, CMA may acquire the Forensic Certified Public Accountant (FCPA) designation.

↑ FCPA CERTIFICATE COURSE

Persons other than qualified Accountants may pursue all or some of the certificate paper to enhance their skills set in their various professions.

Participants will receive a certificate for each paper they complete once they have successfully passed the online examination. They will, however, not be eligible to use the (FCPA) designation. All participants are awarded CPE hours for each paper.

↑ THE FORENSIC CERTIFIED ACCOUNTANT PROGRAM

To guarantee success in these exams, there is an optional online study guide available at the cost of US \$500.00 for all 5 courses. The Study Guide is a question database of approximately 300 – 400 questions per Paper.

For the exam, 100 questions are randomly selected from this database for each certification test. Furthermore, it provides feedback for each question explaining which answer is correct and the logic behind the answer. The feedback section also explains why incorrect answers are wrong.
